COLOR WITH ME

Here are some tips and tricks to follow to create cute Cozy Coloring pages!

Tear off to use as a page protector!

Lighting

Decide the direction the light source is coming from, for example, a lamp. Then, use a lighter color on the edges of elements to convey the light hitting them.

Shadows

Add shadows by using a darker tone or layering the same marker color on the opposite side to the lightest areas in the picture.

Lighting and shadows are opposites...
Your shadow will always be on the other side to the light source.

Marker

Fine Tip

Finer details & small areas of the picture.

Brush Tip

Broad, flat areas & mixing colors.

Highlights

Use a white paint or gel pen to create highlights to show extra glossy areas or create cute details, like sparkles!
